Packet materials for agenda items will be available on the Town website: <http://www.springdaletown.com/AgendaCenter>

Memorandum

To: Mayor, Town Council
From: Rick Wixom
Date: January 22, 2026
Re: **January 28, 2026 Council Meeting**
Review of Capital Priorities

Each year in late January the Council and the management team, along with other team members with specific budget responsibilities, review the lists of upcoming capital priorities. These lists include projects, major equipment, personnel, consultants, RAP tax, and public art. This review enables our departments to understand the Council's priorities and assists our departments in preparing department budget requests for the upcoming year and planning for short-term projects and needs.

In this effort, the Council's role is to provide guidance and direction on the capital and other priorities as we move forward to preparing the annual budget. The management team has reviewed the draft document and is prepared to brief the Council and get direction on budgetary priorities.

During the review meeting, the Council may add or remove items from these lists as it considers the Town's priorities.

The lists are organized with the following formatting, as has been previously done:

- **Fiscal year 2026 (year one)**
This list includes projects that will be ready to implement as of the new fiscal year, have undergone design or engineering work, and have had costs estimated. The expectation is that items on the year one list will appear in the FY27 tentative budget. As the operating budget includes expenditures beyond the scope of this process, such as salaries and benefits and other expenses, the year one list may need to be revised to reflect decisions made during the budget review.
- **Fiscal year 2027 (year two)**
Includes projects that we intend to move to the year one list next year. Costs may not be entirely known, and design/engineering may be included on the year one list.
- **Fiscal year 2028 (year three)**
Includes projects under planning for implementation in the near future.
- **Long Term (Over three years)**
Strategies, projects, policies, and programs found in the General Plan and other planning documents. Several items are included in this section that could be discussed as to timing of these projects.

One budgeting practice that is becoming common across many levels of government is focusing annual operating budgets on established priorities. For the Town, many of its priorities are found in the General Plan and other planning documents adopted by the Town Council.

Staff maintains a spreadsheet of the various implementation strategies included in the Town's General Plan, master plans such as the Culinary and Wastewater Master Plans and other planning documents such as the Natural Hazard Mitigation Plan, Open Space Plan, and Virgin River Management Plan. The spreadsheet includes strategies and implementation actions found in each plan. Some of these strategies and actions have timeframes attached, while others do not. Strategies and actions that require financial planning or budgeting (projects for instance) should, as prioritized by the Council, make their way to the Capital Priorities document, and ultimately be included in the Town's annual budget for implementation.

As the Council reviews the master plan strategy spreadsheet along with the three-year capital priorities document, please note projects that you feel should be prioritized into the budget and be prepared to discuss with the other members of the Council and staff.

The three-year (immediate, short term, near short term) format is used for all categories within the capital priorities document (projects, equipment, personnel, consultants, public art, etc.). The layout of the capital priorities also includes notations as necessary on funding or financing, estimated costs, and budget accounts.

We use the three-year list format to proactively manage projects and other needs from year to year. For instance, in one section of the document you may find design/engineering work for projects to be implemented in the following or subsequent year. The Council can utilize this format to consider needs not only for the upcoming year, but future years as well.

As the FY27 operating budget work proceeds, we'll finalize cost estimates for year-one priorities, assemble department budget requests, and prepare information for the Council's review later this spring.

Capital Priorities List – Fiscal Year 2027
Projects/Personnel/Equipment/Consultants/RAP/Public Art

Projects FY 2026-27 - Year One (Immediate – Starts July 2025)

Buildings and Facilities

Medical Clinic Project (design and documents)	GOEO Grant-continuing project	\$334,000	10-51-310
---	-------------------------------	-----------	-----------

Streets

Paving/Overlays/Reconstruction: Redhawk Drive		\$421,400	45-40-561
Sealcoating/Crack Sealing Projects: Moenave Subdivision		\$40,000	47-40-310
Storm Water Improvements: Drainage Study slide hill		\$15,000	10-60-310
Other Streets Improvements: Multi use trail tree root repair (in concrete)		\$20,000	10-60-260
Tree removal MeMe's (2)		\$20,000	10-60-310
Tree ROW survey		\$10,000	10-60-310
Bus turnaround asphalt (dirt lot)		\$50,000	10-60-310

Community Development

Invasive Species Removal (three-year project)	Urban Forestry Grant – continuing project	\$100,000	10-78-310
---	---	-----------	-----------

Parks & Recreation

Parks/Facilities: River Park Expansion Project	Continuing project	\$1,368,000	45-40-561
---	--------------------	-------------	-----------

Water Fund

Waterline from Balanced Rock Road to Lion Blvd (construction) (<i>Segment of line to provide access to water rights inside Zion. Stone Mtn Condos segment</i>)		\$360,000	51-40-780
Water use/flow meter from tanks		\$75,000	51-40-780

Projects FY 2027-28 - Year Two (Short Term)

Buildings and Facilities

Medical Clinic (construction)	Bond Issue	≈\$3,300,000	
Concrete drive/patio at CCC		\$35,000	10-80-310

Upgrade electronic locks		\$25,000	split-260
--------------------------	--	----------	-----------

Community Development

Invasive Species Removal	Urban Forestry Grant	\$100,000	10-78-310
Renovation and Interpretation of Historic Jail		\$20,000	10-78-310
Charge West Implementation	Solar canopy, chargers, and back-up generators at clinic property	\$100,000	

Streets

Paving/Overlays/Reconstruction:			
Big Springs Road		\$492,560	47-40-561
Sealcoating/crack sealing Projects:			
Lion Blvd crack sealing		\$26,000	47-40-561
Other Streets Projects:			
Ditch Monument near Montclair		\$15,000	10-60-310
Watchfire message signs (2)		\$75,000	10-60-310
Storm Water Improvements:			
Storm drain impacts from Mesa property			
Streetscape improvements based on streetscape plan			
Crosswalk Improvements/safety improvements			
Readi-Rock Landscape benches, columns		\$5,000	10-60-260
Shade structures (direction to streetscape cmte)			

Projects FY 2028-29 - Year Three (Near Short Term)

Buildings and Facilities

Town Hall Project (design)			10-51-310
----------------------------	--	--	-----------

Parks and Recreation

Parks/Facilities:
