To whom it may concern,

As residents of Springdale and local business owners who make our living on happy and engaged visitors, we have taken some time to look into the many considerations that come with the current proposal for Springdale's History Center. This includes the currently proposed location within the small historic house at the front of the Best Western property, directly on the main road.

We have deep appreciation for the great effort and due diligence exhibited thus far as regards many locations, cost concerns, etc, and believe that this plan represents a feasibly affordable, well situated and timely opportunity for the town and the SHPC. With this, we extend our support that the town move forward with said plan.
