

## Memorandum

**To:** Mayor, Town Council  
**From:** Rick Wixom  
**Date:** January 6, 2022  
**Re:** **January 12, 2022 Town Council Meeting**  
**Resolution 2022-03, Fee Schedule Modifications**

---

---

During the Solid Waste Board meeting in December 2021, the Board passed a resolution and fee schedule that includes a \$.50 increase for residential garbage customers (what the district calls “basic curbside residential collection”). This user fee is comprised of the amount that is paid to Republic for collecting trash and what is paid to the Solid Waste District for administration of the District and landfill operations. The effective date of that increase will be Feb 1, 2022.

In December of 2020, the District Board passed a resolution that modified the rate schedule and changed the method of how that District collection fee (operations and landfill) increases annually. In the original agreement it was agreed to as \$0.10/year, or “or such other amount as may be reasonably determined by resolution of the District...” This language is in the agreement and in our local ordinance (Town Code 4-5-7). The District used this language to change the \$0.10/year increase to a 2.5%/year increase (which matches the other portions of the fee) as well as add the \$0.50 increase this year.

The basic garbage collection rate will automatically increase effective January 1, 2022 per the agreement and the 2020 Resolution from the District Board. This is already provided for in the existing fee schedule. However, we the fee schedule needs to be modified to acknowledge and reflect the additional increase that will be in effect on February 1st. Resolution 2022-xx and the attached fee schedule revision dated January 12, 2022 include the new increase approved by the District Board. We’ve streamlined the text in the fee schedule (see page 24 of the fee schedule document) to only include the total amount of the garbage fee, not the individual components. Dawn and I felt this would be less confusing for users of the service than how it was included previously.

Kevin Lunz, the District Administrator, we be attending the meeting to discuss the needs of District and why the additional \$.50 fee increase is necessary, and if the Council has questions about the fee increase, he will be able to answer them. Also attached here is an email that Fay Reber, the District’s Attorney, sent to the cities and towns explaining the rate increases.

**RESOLUTION NO. 2022-03**

**A RESOLUTION REVISING THE FEE SCHEDULE FOR TOWN OPERATIONS**

**WHEREAS**, the Town of Springdale recognizes the need to change fees from time to time in order to cover rising expenses related to services, in this instance to cover costs of residential garbage collection and disposal; and

**WHEREAS**, in December 2020, the Solid Waste District Board adopted and approved Resolution 2020-5 approved an increase in user fees and noted in their approved resolution that that basic municipal residential garbage service, consisting of fees paid by the Town to the District for residential garbage collection and District administration and operation of the landfill, would increase at 2.5% per year instead of \$0.10 as previously approved; and

**WHEREAS**, in December 2021, the Solid Waste District Board adopted and approved Resolution 2021-12-2 which increased the basic garbage service rate charged by the District to the Town by \$0.50 per customer/month; and

**WHEREAS**, the garbage fees for the collection of residential garbage previously adopted by the Springdale Town Council need correction to conform to these changes in user fees approved by the District Board; and

**WHEREAS**, this resolution shall replace any other fee schedule that may have been set as policy prior to January 12, 2022,

**THEREFORE, BE IT HEREBY RESOLVED** by the Town Council of the Town of Springdale that the attached fee schedule, dated January 12, 2022, be adopted as the official and current fee schedule for the Town of Springdale. This resolution shall become effective immediately upon passage and posting. Fees for the collection and disposal of residential garbage and recycling will become effective February 1, 2022.

Passed and adopted this 12th day of January 2022.

## SECTION C: RECORDS REQUESTS (GRAMA)

Government Records Access Management Act (GRAMA) Request (**63G-2-204**):

- Requests must be submitted in writing, preferably on the appropriate request form. Unless an expedited response is requested and approved, the information will be released within 10 business days, unless there are extraordinary circumstances. **63G-2-204(5)**.
- Fees will be determined on an individual basis per UCA **63G-2-203**, based on the Town's standard administrative fees.
- If the request is substantial and time-consuming, the applicant may be required to prepay if fees are expected to exceed \$50. **63G-2-203(8)(a)(i)**
- If the requestor has fulfilled but unpaid GRAMA requests outstanding, the custodian of the records may require payment of those fees before processing a new request. **63G-2-203(8)(a)(ii)**
- The town is not required to fulfill a person's records request if the request unreasonably duplicates prior records requests from that person. **63G-2-201(8)(a)(iv)**
- In certain circumstances, particularly if releasing the record primarily benefits the public rather than a person, the custodian of the records may waive fees, upon request. **63G-2-203(4)(a)**
- Processes exist for appealing denial of waivers, denial of access to records, and protesting fees. **63G-2-205, 63G-2-401**

### STANDARD ADMINISTRATIVE FEES

**Certified Mail delivery** of letters regarding a delinquent account: \$10.00

**Staff time:** The hourly rate for the lowest paid employee with the necessary skill and training required for searching, retrieving, compiling, formatting, packaging, summarizing, organizing and other direct administrative activities needed to fulfill the request. The rate will be determined by the Records Officer when a records request is received per 63G-2-203(2)(b). The first ¼ hour is free.

**Electronic services fee:** When asked to compile a record in a form other than that normally maintained, the Records Officer must first determine it is able to do so without reasonably interfering with the governmental entity's duties and responsibilities, and, the requester agrees to pay the fee. The fee will be determined by the Records Officer when a records request is received per 63G-2-203(2)(b).

If printing is required, the Town's standard per-page photocopy fees will also apply.

**Photocopies:** \$0.25 for 8 1/2 x 11 single or double sided on town paper  
\$0.35 for 8 1/2 x 14 single or double sided on town paper  
\$0.60 for 11 x 17 single or double sided on town paper  
\$0.05 for any size single or double sided on your own paper

**CDs** used to supply digital copies of data or meeting recordings: \$3.00 ea.

## SECTION C: RECORDS REQUESTS (GRAMA), CONT.

**Standard police reports in paper form:** \$5.00 (Staff time may also apply if multiple reports are requested at the same time and if they require redaction.)

**Police reports requested to be supplied in digital form** are subject to electronic services fees in addition to \$5.00 base fee and redaction fees.

**Returned check fee:** \$35.00

## SECTION A: BUILDING PERMITS

**Building Permit Deposit:** For all multi-family residential projects and commercial projects with a valuation of more than \$250,000, a \$5,000 deposit is required at the time of building permit application. The deposit will be credited toward the total building permit cost (all permit and review fees required at the time a building permit is issued, based on the fees listed below). Any amount of the deposit in excess of the total building permit cost will be credited back to the applicant. If the applicant elects to abandon the project without obtaining a building permit, the deposit will be used to cover the town’s actual costs in reviewing the permit application up to the point the applicant informs the town of the intent to abandon the project. Any amount of the deposit in excess of the town’s actual costs will be credited back to the applicant.

*Building Permit Application:* \$125.00

*Building Permit:* Based on valuation of construction. See Table 1-A

*Plan Review Fee:* 65% of the Building Permit fee from Table 1-A.

**SECTION A. WATER & SEWER IRRIGATION USE RATES**

**Water Use Rates**

Application fee: \$25.00

- 1. Inspection fee: \$25.00 for new installations
- 2. Connected Services: There shall be a monthly base charge of \$17.78, plus billing of the water usage according to schedule A below.

**Schedule A**

<b>Usage (Gallons)</b>	<b>Cost (per 1000 gallons)</b>
0 – 5,000	\$5.41
5,001 – 10,000	\$7.61
10,001 – 25,000	\$9.46
25,001 – 50,000	\$10.93
Over 50,000	\$12.04

- 3. Unconnected and reserve connections: There shall be a monthly base charge of \$17.78.
- 4. Construction water: Water usage during the construction of any building, excavation or grading shall be billed using a flat rate equal to the highest rate in Schedule A above in addition to a monthly base charge of \$17.78. Construction water is any water used prior to the issuance of a Certificate of Occupancy and Zoning Compliance. Construction water may be made available through a meter installed on the property, a hydrant meter rental from the Town, or a hydrant meter provided by the contractor or other outside source. In any case, a water account must be established with the Town before construction water will be delivered.
- 5. Hydrant meter rental: \$1,000 refundable deposit.
- 6. Rental Deposit: Applications for water accounts at rental properties must pay a rental deposit of \$125. Deposit shall be refunded after the account is settled and closed.
- 7. Residential Fire Sprinkler Connections: When the Fire Marshall requires a residential structure to be equipped with fire sprinklers, the fire sprinkler system must have a dedicated and metered connection to the town’s culinary water system. The fire sprinkler connection may not be used for any purpose other than fire suppression. Fees for the water meter and connection to the town’s system are the responsibility of the property owner.

## Water Use Rates, continued

Fire sprinkler connections will not be charged a culinary water impact fee. Fire sprinkler connections will not be charged a monthly base charge if there is no use on the connection. If there is use on the connection due to legitimate operation of the fire sprinkler system, the connection will not be charged a monthly base charge or any use charges. If there is use on the connection for any purpose other than legitimate operation of the fire sprinkler system, the connection will be charged a monthly base charge for each month in which the unauthorized use occurred. The connection will also be charged use charges according to the highest rate in Schedule A above for all unauthorized use.

## Sewer Use Rates

1. Application fee: \$25.00
2. Inspection fee: \$25.00 for new installations
3. Connected Services: There shall be a monthly base rate charge of \$14.03, plus a volume charge of \$.00383 per gallon (\$3.83 per 1000 gallons) of water used, as measured through the water meter, after 7,000 gallons.
4. Unconnected and reserve connections: There shall be a monthly base rate charge of \$14.03
5. National Park Service will be assessed at a proportionate share of the O&M costs per agreement, as determined by proportionate flow, (currently measured at 45 %,) to be billed as a monthly fee.
6. Rockville Accounts:
  - A. Connected Residential: Monthly rate of \$21.56.
  - B. Unconnected Residential: Monthly rate of \$14.03.
  - C. Bed and Breakfast Home Occupations: Assessed at a rate of 2.5 average family residential units, or a monthly rate of \$53.91 (\$21.56 x 2.5).
  - D. Other Home Occupations: Assessed a rate to be determined based on the highest use on their water meter for the months of December, January or February of the preceding year, per the Rockville Water System billing clerk.
  - E. Rockville Community Center: Assessed at a rate of 2.5 average family residential units, or a monthly rate of \$53.91 (\$21.56 x 2.5).
7. Canyon Springs Estates Subdivision Sewer Grinder Maintenance: In addition to the base and volume charges in 3 above, there shall be a monthly rate of \$20.29 for connected properties in the Canyon Springs Estates Subdivision. Rate shall increase by five percent (5%) annually each July per the following schedule. Rate shall be evaluated in 2025 to analyze and compare five-year fees and grinder maintenance costs.

Year	Rate
2021	20.29
2022	21.30
2023	22.37
2024	23.49
2025	24.66

**Irrigation Use Rates**

User fees shall apply only to town irrigation customers, not irrigation company shareholders. Application and inspection fee shall apply to all irrigation connections including irrigation company shareholders.

- 1. Application fee: \$25.00
- 2. Inspection fee: \$25.00 for new installations
- 3. User fee: User fees shall be assessed on a monthly basis by the Town of Springdale as set forth in Schedule B (below). Please note that all irrigation connections installed after 10/9/2019 are limited to a 1-inch connection (Ord. 2019-11)

**Schedule B – Irrigation Use Rates**

Valve Size	Annual Rate	Monthly Rate
1 Inch	\$254.00	\$21.17
1 ½ Inch	\$508.00	\$42.34
2 Inch	\$762.00	\$63.50
2 ½ Inch	1,016.00	\$84.67
3 Inch	\$1,270.00	\$105.83
3 ½ Inch	\$1,524.00	\$127.00
4 Inch	\$1,779.00	\$148.25

**SECTION B. WATER & SEWER RATES ADJUSTMENTS**

- 1. In order to obtain an adjustment to the water and sewer charges incurred in the event of an aboveground water leak on the property owner’s side of the meter, the following conditions must be met:
  - a. The Utility Superintendent, Town Manager or their designee must review and inspect the leak before any repair is made, or sufficient evidence must be provided to the Utility Superintendent, Town Manager or their designee to document the cause and nature of the leak.
  - b. The Utility Superintendent, Town Manager or their designee must determine that the leak resulted from a major failure of the water system such as a broken pipe or

- valve as opposed to a condition or situation that the property owner was or should have been aware of such as a tap or hose left running, running toilet, leaking taps, leaking swamp cooler, known and unrepaired leaks, irrigation usage, etc.
- c. The Utility Superintendent, Town Manager or their designee must see evidence of the repair of the leak.
- d. The amount of water used on the utility bill (water used and water lost due to the leak) must be equal to or greater than twice the historical usage on the property for the same month in the previous year. If the property has had utility service for less than one year, the Town Manager and Town Treasurer shall estimate the usage based on the nearest month in the same season.
- e. No adjustments shall be made for water used for irrigation purposes.

If the above conditions are met, the Utility Superintendent or Town Manager will instruct the Town Treasurer to make an adjustment to the utility account. The water and sewer rate will be adjusted according to paragraph 3 below. Rate adjustments will be applied only if the property owner is diligent in fixing the leak within three days of its detection. If diligence is not shown within three days, a Waste of Water penalty of \$50 per day will be assessed each following day until the Superintendent is satisfied the repair is completed, and additional penalties as outlined in Section 8.1.16.B may apply. Repair costs are the responsibility of the property owner.

2. In order to obtain an adjustment to the water and sewer charges incurred in the event of an underground water leak on the property owner's side of the meter, the following conditions must be met:
  - a. The Utility Superintendent, Town Manager or their designee must review and inspect the leak before any repair is made, or sufficient evidence must be provided to the Utility Superintendent, Town Manager or their designee to document the cause and nature of the leak.

## SECTION B. WATER & SEWER RATES ADJUSTMENTS, CONT.

- b. The Utility Superintendent, Town Manager or their designee must determine that the leak resulted from a failure of the water system as opposed to a deliberate waste of water, a condition or situation that the property owner was or should have been aware of, or an aboveground leak as described in paragraph 1 above.
- c. The Utility Superintendent, Town Manager or their designee must see evidence of the repair of the leak.

If the above conditions are met, the Utility Superintendent or Town Manager will instruct the Town Treasurer to make an adjustment to the utility account. The water and sewer rate will be adjusted according to paragraph 3 below. Rate adjustments will be applied only if the property owner is diligent in fixing the leak within five days of its detection. If diligence is not shown within five days, a Waste of Water penalty of \$50 per day will be assessed each following day until the Utility Superintendent is satisfied the repair is completed, and additional penalties as outlined in Section 8.1.16.B may apply. Repair costs are the responsibility of the property owner.

3. Adjustments shall be based on the amount of the meter readings for the same month a year prior. The water user will pay the current rate for the amount of water and sewer as the prior year's reading plus  $\frac{1}{2}$  of the current lowest usage rate for all additional water resulting from the leak. If the property has had utility service for less than one year, the Town Manager and Town Treasurer shall estimate the usage based on the nearest month in the same season.
4. In order to obtain an adjustment to the sewer charges incurred on the filling of a swimming pool, 1) the owner must provide sufficient proof to the Utility Superintendent that the pool doesn't drain to the sewer, and 2) the owner must contact the Utility Superintendent before filling the pool and when the pool is full, so the water used to fill the pool can be metered. The Utility Superintendent will provide the meter readings to the Town Treasurer. Only the amount of water used for filling the pool will be adjusted from the sewer fees; there will be no adjustment to the water charges. If this procedure is not followed, or if the pool is found to drain into the sewer system, there will be no adjustment to the sewer charges.

## SECTION C. WATER LOSS

### **Loss of Water – Private Unmetered Fire Service Connections**

Fire service connections or fire sprinkler connections are generally private unmetered connections to the Town’s culinary water system that provide support during fire emergencies. Due to line size, breaks or other failure in these lines has the potential to result in the loss of hundreds of thousands of gallons of treated culinary water.

When a break in a private, unmetered fire service connection or line results in the loss of water, the property owner responsible for the private fire sprinkler connection/line will be billed for the value of the water lost due to the break based on the cost to produce water, currently \$5.61 per 1000 gallons according to the Town Engineer.

Water loss will be estimated by the Town Public Works Department based on documented tank levels before and after the break or leak is reported.

**Subject:** Increase in Curbside Residential Waste Collection Rate

**Flag Status:** Flagged

Dear Mayor and staff,

As you may know, the Administrative Control Board of Washington County Special Service District No. 1 (the Solid Waste District) recently held a public hearing which resulted in approval of an increase in fees for services provided by the district. The purpose of this email is to explain and clarify the increase, and to make sure that each city and town within the district is billing residents for curbside collection services at the same rate.

The current basic rate billed to all cities and towns, as specified in the Municipal Billing and Collection Agreement between each city/town and the district, is the amount of 11.45 per month. This amount includes \$6.90 paid to Republic and \$4.55 retained by the district for operation of the landfill and district administrative fees.

### Beginning on January 1, 2022

As explained when the district entered into the current 10 year agreement with Republic in 2020, the basic curbside residential collection rate automatically increases by 2.5% on January 1 of each year. As a result of this automatic increase, and as approved by the district Administrative Control Board in December, 2020, the basic rate will increase to \$11.74 on January 1, 2022. The same 2.5% increase also applies to curbside residential recycling, so the new curbside residential recycling rate will be \$5.80 on January 1, 2022,

### Beginning on February 1, 2022

In addition to the foregoing, the basic curbside residential collection rate will increase by another \$.50, from \$11.74 to the amount of \$12.24. This additional \$.50 is to help defray the cost of long overdue improvements at the landfill which are necessary to improve safety and efficiency of operations. In addition, the district believes that this increase helps to more accurately reflect the actual cost of district services, which in past years has been partially absorbed by the district rather than having been passed along to the residents.

(There is one additional component of the total residential collection fee, i.e., the amount imposed by your city/town to offset the costs of billing and collection. Whether that component is increased will be independently decided by your city/town council.)

To  
summarize:

As of January 1, 2022, the rate for basic curbside residential collection service will be \$11.74 per month, and the rate for curbside residential recycling will be the amount of \$5.80.

As of February 1, 2022, the basic curbside residential collection rate of \$11.74 will then increase by an *additional* \$.50 to the amount of \$12.24.

We would ask, therefore, that you make sure that your city/town's monthly utility billing statements are updated to include these additional fees, and that you include on an upcoming city/town council meeting agenda any amendment to your city/town ordinance that might be required to ensure your ability to enforce payment.

Please know that the district is working hard to provide the best service possible at the lowest possible cost, and we appreciate very much your help and cooperation in all solid waste related matters.

As always, if you or your staff have questions or concerns about these increases, please don't hesitate to contact Kevin Kunz, district manager, at 435-673-2813.

Thanks.
