

Memorandum

To: Mayor and Town Council
From: Darci Carlson, Town Clerk
Date: January 6, 2022
Re: **2022 Blanket local consent requests for 2021**

Overview

Over the past several years the Town of Springdale has granted the Bit & Spur blanket consent for up to twelve (12) single event permits in one year.

In speaking with Alex Pelton from the Bit & Spur, he anticipates a number of events being scheduled this year, if public health conditions allow.

The blanket consent provides a way for the Town Council to approve up to 12 single event permits per year. Once this blanket consent is in place, the Bit & Spur representative fills out a Town of Springdale event permit and pays the fee. The Mayor or Clerk can then sign the form which is submitted by the applicant to the DABC as part of their event liquor license process.

This blanket consent approval provides an efficient way for the process to be managed over the year.

Staff recommendation: Grant local consent for up to 12 single event permits in 2022 for the Bit and Spur.
