RE: Town of Springdale History and Visitors Center

Dear Springdale Town Council,

The Paiute Indian Tribe of Utah wishes to express its continued support of the Town of Springdale's History and Visitors Center. We understand the logistical challenges the Town has incurred with determining a well suitable location for the new facility and we commend you on your ongoing interested in seeing this project through.

Over the past few years, the Paiute Indian Tribe of Utah and the Town of Springdale have worked together on our trail projects, participating in community events, supporting Town initiatives (grant applications), and working in harmony as we strengthen our community partnership.

We understand that one of the proposed locations for the new History and Visitors Center is at the River Park, which is adjacent to our property. The Paiute Indian Tribe of Utah is pleased to part of this discussion and supports the proposed location. We feel the proposed location will support community access, increase the space needed to host cultural presentations, exhibits, demonstrations, connect visitors to our trails, and will support the Tribe's efforts to utilize its existing property.

We look forward to our continued participation in this project and for the opportunity to share our history and rich heritage to all those who visit Springdale and Zions National Park.

Sincerely,

Corrina Bow  
Chairwoman  
Paiute Indian Tribe of Utah
