Subject: Agenda Item: D3 – Discussion and possible approval of relocating the Springdale History and Visitors Center to the George A. Barker River Park.

To: Thomas Dansie <tdansie@springdale.utah.gov>

Mayor of Springdale and Springdale Town Council Members,

My concern at this time is not on the merits of the proposal to move the history center, but that this proposal may be approved by the council without any significant public input. Undeveloped town lands are a valued critical resource that deserves to have significant public discussion prior to any decision on their use.

I look forward to the discussions on the future of this valuable piece of open space in Springdale.
