

Suzanne Elger - Council Report February 2023

Washington County Solid Waste Board

I will attend the executive and regular board meeting on Monday, February 13. A public hearing will be held to allow the issuance of bonds in the amount of \$9,003,000 for the infrastructure project at the landfill.

Recreation Center

NWLA has been working on many different configurations for buildings. Ryan, Rick and I have met with them and given feedback. NWLA is will be preparing boards of options to display at the CCC from March 27 through April 7. The public is invited to comment on the concept plans. We will be having an open house on Tuesday, April 11. The intention is to get as much public feedback as possible to meet as many needs as possible.

Council Term

My term on council is ending January 2024. After spending two years on planning commission and one four-year term on council, I will not run for re-election. I have enjoyed serving the town of Springdale; however, it is time for new adventures.

The candidacy declaration period ends in early June 2023. If you are interested in running for council, I would be happy to share my insight and experiences with you. Feel free to reach out to me.
