

TOWN OF SPRINGDALE

MARCH 2023

ESTD 1862

From Mayor Bruno

CAN YOU HEAR ME NOW?

I'm not sure how many residents of Springdale have a landline telephone at their homes. If you do have a landline, you may be interested to know that the parent company of CenturyLink has filed a petition to be released from their "carrier of last resort" responsibility. That responsibility requires CenturyLink to provide service to any customer in a service area that requests it, even if serving that customer would not be economically viable at prevailing rates. The final hearing on this matter is scheduled for May 18, 2023, and it is expected that the request will be granted.

We don't know whether CenturyLink will continue to offer landline phone service in the Town of Springdale if they are not obligated to do so. What we do know is that residents of Springdale rely heavily on their cell phones to make calls and receive texts, emails, news alerts, etc. I receive many calls and emails about poor reception throughout the Town, especially on busy holiday weekends.

Anecdotally, most residents who contact me are using AT&T, Verizon, or T-Mobile for their cell service. The Town is working with

The Big Reveal is Coming!

After months of design work and input from residents and town staff, the parks and recreation department is unveiling plans for a recreation center for Springdale. Beginning on March 27, displays of six different options for a recreation center will be available for viewing at the Canyon Community Center.

There will be sticky notes for you to leave us your opinions, thoughts, comments, and perspectives. The brainstorming sessions we held in September gave us great feedback and insight. We want to build upon that success.

On Thursday, April 11 from 5:30-8:30pm, we will be hosting an open house with representatives from NWLA, the design consultant, and town staff to gather additional feedback and answer any questions about the recreation center.

We want to hear from you to help us make this center a place for everyone in the community. We encourage everyone to check out the plans on their own and at the open house. If you have any questions, feel free to reach out to either Suzanne Elger (selger@springdale.utah.gov) or Ryan Gubler (rgubler@springdale.utah.gov) at 435-772-3434.

Make a Difference. Be the Difference.

2023 is a municipal election year. Registered voters in Springdale will consider candidates for two Council positions. The Declaration of Candidacy period runs from June 1st to June 7th.

Consider the positive impact you could make in this community with a run for public office. Stay tuned for more election process information in the coming months and reference the Town's [elections webpage](#) on for important dates and reminders.

Zion Chalk and Earth Fest

This April 29th and 30th, the Town of Springdale in partnership with Z-Arts and Zion Canyon Village will be hosting the inaugural Zion Chalk and Earth Fest...formerly known as Zion Canyon Earth Day! During these two days, come join us in carrying on the tradition of

celebrating the Earth in Springdale! In addition to all of the amazing things you have come to expect (live entertainment, food, drink, educational vendors, etc.), this year we are adding an exciting chalk art component! Professional artists from all over the country will come to Springdale to participate and display their amazing talent through the medium of chalk art! Come celebrate the Earth and the arts this April by participating in the Zion Chalk and Earth Fest!

WHERE: Zion Canyon Village, 147 Zion Park Blvd in Springdale

WHEN: Saturday, April 29th and Sunday April 30th, 10:00 AM to 6:00 PM

- Street cleanup service project at the George A Barker River Park: Saturday, April 29th @ 8:00AM

If you are a business or family/individual who would like to contribute either financially or with in-kind donations as part of our sponsorship program, please contact Ryan Gubler at 435-772-3434. All sponsors will be featured on artists' squares.

Springdale Library Events

Junior Adventure Club at Springdale Elementary – March 3rd, 10th, and 24th @ 12pm (Kindergarten and First grade)

Tween Book Club – Wednesday. March 22nd @ 4pm – Ages 10-15 – Book Discussion: The One and Only Ivan by Katherine Applegate. Movie to follow.

Kids Art Book Club – Saturday. March 25th @1pm – Artist: Ruth Asawa, Book: A Life Made by Hand: The Story of Ruth Asawa.

Murder Mystery Party - Murder in Sin City – Friday, March 31st @ 6:30pm – Space is limited. Advanced registration required 435-772-3676. Ages 18 and up.

***A murder mystery party is a themed event where attendees dress up to match an era or a genre. They will then work together to solve a fictitious murder that occurs during the party. This event is often compared to a live-action version of the game Clue!*

Happy Birthday, Springdale!

We are excited to invite you to the Town of Springdale's Birthday BBQ celebration, where you can meet members of the Town Staff and other public figures who will be in attendance. This is an excellent opportunity for you to give us your valuable feedback and ideas while enjoying delicious food and drinks.

We are committed to serving the community and want to hear from you. Whether you have suggestions, concerns, or want to get to know the members who serve you, this is your chance.

Please see the attached flyer for more information, and feel free to contact Shelly Heaton at sheaton@springdale.utah.gov with any questions you may have. We hope to see you there!

Springdale Elementary Installs a New Sign

Both Utah State law and the Springdale Town Code exempt school districts from certain provisions of local land use regulation. Specifically, Washington County School District is exempt from the Town's sign ordinance. This means the School is able to install a sign that does not meet the design, appearance, size, and illumination standards that all other signs in the community must meet.

The School has recently installed an electronic, changeable message sign. This sign will be used to convey school information to parents of school children, as well as announcements to the community regarding school events.

Although the School District is exempt from the Town's sign regulations and the sign does not meet Town standards, the School Administration has committed to operate the sign in keeping with the spirit and intent of the Town's standards as much as possible. The sign will be turned off in the evenings and overnight, will avoid use of animation and video, and will be adjusted to a low level of illumination.

Can You Hear Me Now? *(Continued from page 1)*

these providers to improve our service in all areas of Town. If you attended or watched the February Town Council meeting, you heard a presentation by a representative of Verizon about macro and micro communication facilities to solve reception problems. There are pros and cons to both, and we have an ordinance in place to assign a preferential order to requests for additional facilities. That ordinance is Town Code 10-27 if you're interested in a little light reading.

In any case, the Town recognizes the need for wireless communication facilities to provide efficient services for residents and visitors. The Town also recognizes that the unique scenic vistas and viewsheds surrounding the Town are one of our most important natural resources. We want to minimize the impacts on adjacent properties and surrounding areas. To that end, Council members Lisa Zumpft and Jack Burns are working with the Community Development Department to determine how to best balance those two needs. They will also determine whether our ordinance should be updated to better reflect current technology. I'm sure they'd welcome comments and input from members of the community. Their email addresses are lzumpft@springdale.utah.gov and jburns@springdale.utah.gov. You may also receive a survey (I know, *another* survey) asking for your opinion. Thanks in advance for commenting and/or responding to that survey.

Winter Driving

Like everyone in southern Utah this year, National Park Service road maintenance staff have stayed busy keeping roads clear. Zion National Park's road crew is responsible for working before dawn, after dusk, and through the day to keep roads passable for drivers. With roads at relatively low elevations near Springdale in Zion Canyon and at higher elevations in Kolob Canyons, Kolob Terrace Road, and on the park's east side, conditions can vary widely.

Whether you visit Zion after a winter storm or anytime during colder months, remember to:

- Watch for ice and snow on the road.
- Slow down and be especially careful near construction projects.
- Be mindful of visitors who may be crossing the road.
- Lower your speed to account for slippery roads and longer stopping distances.
