

## Police Corner

The Springdale Police recently solved a residential burglary in Springdale because of an anonymous tip from a resident. The investigation took us to Hurricane City where a search warrant was served, and police were able to solve burglaries in other surrounding cities in Washington County as well. We rely on residents to report suspicious activities at the time they are occurring. This gives the police a better chance of catching or deterring crime. The police rely on resident's eyes and ears to assist us as we cannot be everywhere at once. We also encourage residents to lock their homes and vehicles at all times. If you see any suspicious persons, vehicles, or activities please call the police dispatch center at 435-634-5730 and report it.

As always, thank you for the support that you continue to give to our great police department and go follow or "Like" us on Facebook for our updates at:

## Water Use Habits

We've had an amazing water year, but we still need to practice our best conservation habits. The Washington County Water Conservancy District recommends:

- Limit outdoor watering to twice a week during spring.
- Water in short multiple cycles to avoid runoff
- Adjust sprinkler heads to avoid spraying the driveway or sidewalk
- Avoid watering landscapes in the heat of the day
- Fix broken sprinkler heads and leaking drip systems

Also, local area reservoirs are at their highest levels in years. Go have some water activity fun!

Sand Hollow – 97% full  
Quail Creek – 78% full  
Kolob – 100% full  
Gunlock – 88% full
