

# Town of Springdale News

June 2017

## From the Mayor's Desk ...

We just celebrated another Memorial Day holiday and saw large crowds visiting the town. Cars were parked everywhere and shuttles were crammed with people. Amidst all the chaos of a busy town I hope we didn't lose sight

of what the holiday is really about. The sacrifice of those who have served our great country should not be forgotten. Those of us who have not served cannot really know of the sacrifices given by those who did but we can take time out of our lives to give thanks. You may not agree with a certain war or conflict but you have to admire the courage of those who answered the call to protect and defend our nation and put themselves in harm's way. I want to thank those who are currently serving, or have served, this great country in the armed forces.

*~Mayor Stan Smith*

## ***The Watchman –***

Zion National Park News from John Marciano,  
ZNP Public Information Officer

May was a very busy month for the Park, and Memorial Day Weekend capped off a new visitation record. For the four day period Friday - Monday the Park served 90,782 visitors compared to last year having 77,436 visitors. Sunday beat the one day record having 30,049 visitors. WOW!

The Bighorn sheep herd that lives in and around Zion has been growing. This means there is an increased chance for them to have contact with domestic sheep and goats. Healthy domestic stock can carry pneumonia and other diseases that can cause mass die-offs in the wild bighorns. They are curious and will investigate domestic animals, pick up diseases and bring them back to the herd, potentially causing up to 90% of the herd to die. It is vitally important to keep bighorns and domestic sheep and goats from coming into contact with each other. If you see bighorns near your sheep or goats, or see escaped domestic stock in the park please notify Cassity Bromley (435 772 0188). Thanks for helping protect these magnificent desert animals!

The Human History Museum will open an exhibit featuring the works of three famed contemporary impressionists; Erin Hanson, Royden Card, and Teri Saa. Their works will be on display at the Museum beginning June 9, through August 27, 2017.

*Looking forward to a safe and enjoyable summer.*

TOWN OF SPRINGDALE

## Summer fun in Springdale!

Mark your calendar and come enjoy these fun, and free, summer activities:

### **Movies in the Park:**

Starting at 9pm in the Springdale ballfield. Bring a blanket and lawn chair.

**JUNE 10** – “Star Wars: Rogue One”

**JULY 29** – “Fantastic Beasts”

### **Night Sky Program:**

Meet at the Canyon Community Center  
**JUNE 23** – 9:00pm, Phil Moore presents mythology stories and telescopes

**JULY 21** – 7:00pm, Alex Chamberlain presents photographing the Milky Way

**AUGUST 29** – 10:00pm, Betty Maya presents a “star party”

### **Children's Summer Reading Program:**

Every Wednesday from **JUNE 7** through **JULY 19**, at 2:00pm at the Springdale Library. For more information contact Jayme Mendenhall, Children's Librarian at 435-772-3676.

Curious about what's going on with YAZ (Youth Activities of Zion)? Check out their activities calendar at:

# There are a number of ways to save water, and they all start with you!

Some of the following water conservation tips are simple, but probably underutilized. When it comes to conserving water, small adjustments can have a big impact. If we all incorporate these adjustments into our daily routine we can effect change.

## In the kitchen...

1. When washing dishes by hand, don't let the water run while rinsing. Fill one sink with wash water and one with rinse water.
2. Collect the water you use for rinsing produce and reuse it to water houseplants.
3. Designate one glass for your drinking water each day. This cuts down on the number of times you run your dishwasher.
4. Don't use running water to thaw food.

## In the bathroom...

1. Time your showers to shorten them if possible. Keep them under 5 minutes to save up to 1000 gallons per month.
2. Turn off the water while washing your hair then turn back on to rinse.
3. Listen for dripping faucets. Fixing a leak can save 500 gallons each month.
4. Turn off the water while you brush your teeth and you can save 4 gallons a minute. That's 200 gallons a week for a family of four.

## In the yard...

1. Always water during the early morning hours, when temperatures are cooler to minimize evaporation.
2. Don't water your lawn on windy days. Sidewalks and driveways don't need water.
3. Adjust your lawn mower to the height of 1.5 to 2 inches. Taller grass shades roots and holds soil moisture better.
4. Use a screwdriver as a soil probe to test soil moisture. If it goes in easily, don't water. Proper lawn and garden watering can save thousands of gallons of water annually.

## Police Corner

The Springdale/Zion Canyon Department of Public Safety partnered with the Springdale Elementary PTO for a party for the elementary school kids. The kids rotated through different stations and took part in various activities. Our department took pictures of the children in a cool little police car, and prizes and treats were handed out with an anti-drug message. The Rockville/Springdale Fire Protection District also helped with the party by bringing fire trucks to the school, and starting a water fight with the kids and teachers. After the festivities we helped serve lunch to the children, which was donated by Zion Pizza Noodle. We want to thank the PTO for letting us participate and be a part of school events like this. It was a blast!

Recently, the police received reports of suspicious activities which occurred around town, but these incidents were reported days later. I encourage everyone when they see any suspicious persons, vehicles, or activities please call the police dispatch center at 435-634-5730 to report it right away. This gives the police the best chance of responding quickly and the ability to take care of the incident when it is happening. The police rely heavily on the great residents of Springdale to report incidents when they occur. See something, say something. Thank you for your continued support, and don't forget to like us on Facebook.

# SR-9 RENEWED

Rockville to Zion National Park

## **SPRINGDALE DESIGN UPDATE**

Construction is currently scheduled to occur from October 2017 to April 2018, during the lowest Zion National Park visitation timeframe. This is an extremely aggressive schedule and crews will need to work 24 hours a day to complete the project in the time allowed. This means there will be regular nighttime work through the entire duration of the project. With night work there will also likely be noise, dust, light and vibrations in the areas impacted by construction.

Traffic will be restricted to one lane with one-way flagging in a one-mile segment, with one additional lane closure area allowed. Traffic delays of up to 25 minutes are expected. Business access, driveways and side streets will be impacted by reconstruction and traffic queuing.

## **HAVE QUESTIONS ABOUT THE PROJECT?**

Join us June 7 at the Canyon Community Center from 2-5 p.m.

This year, UDOT and the Town of Springdale are partnering with the Springdale Public Library's Kids Summer Reading Program "Build a Better World!"

At 2:00 p.m. Wednesday, June 7, Springdale Public Works and UDOT Team Members will talk about the SR-9 Renewed project and work zone safety at this fun event for all ages! Come check out some construction equipment and learn more about the project.

Don't have kids? That's ok. We'll have an information booth at the Canyon Community Center from 2:00 to 5:00 p.m. to answer any questions you might have about the SR-9 Renewed project. Come learn more about the project, anticipated impacts and what you can do to prepare for the project now.

## **CONTACT US**

If you have questions, the project communications team is here to help! Feel free to contact us at the hotline or email below.
