

From Mayor Smith

LOOKING FORWARD

I want to thank you all for the vote of confidence extended me in the recent election. I am very excited and look forward to the next four years. There are many things happening in Springdale and I am anxious to see them completed.

The SR9 renewal project is in full swing. The traffic issues have been horrible at times. The project team has a weekly meeting where issues are discussed and resolved. UDOT and Sunroc have been very good about responding. It will take everyone's continued patience to make it through to April.

On November 16th the Town Council was invited to Cedar City to meet with the Paiute Tribal Council. It was an informal gathering designed to foster greater understanding and mutual trust. The Paiute Tribe shared results of their recent feasibility study and both groups exchanged ideas for the future.

New Year's Eve Fireworks Show & Community Social

Make plans now to join your friends and neighbors at a spectacular New Year's Eve celebration! Festivities will begin at 6:00pm with a fabulous Community Social at the CCC. Live music will be provided by The Nate Robinson Trio and refreshments served. Then, starting at 8:00pm at the ballfield, 2018 will be ushered in with a memorable fireworks display! There is nothing quite like it! The Zion Joy to the World Committee has worked hard to provide the community a special night.

The Town of Springdale, Zion Canyon Visitors Bureau, and Z-Arts have provided funding for this wonderful evening. Don't miss it!

A Fresh Focus on Community Parks & Recreation

Change is the only constant, even at the Town Hall. Julie Hancock has retired after 11 years of service to the Town. We thank her for her service and congratulate her on this transition to a new adventure. The Canyon Community Center and the Parks Department have been combined into a new Parks and Recreation Department that will focus on providing community oriented events and services, community recreation and education, and parks and trails maintenance. Toni Benevento, who has worked for the Town in the Community Development Department, will be directing the work of the Parks and Recreation Department. Please say hello to her the next time you are at the CCC.

A Push for Paperless...

The Town of Springdale is required by Utah law to give legal notice of public hearings and certain public meetings if your property, or properties near yours, are affected by specific zoning actions. Traditionally these notices are sent via U.S. mail. However, in an effort to save time and money, the Town would like to offer our Springdale property owners the option to receive these legal public notices by email rather than U.S. mail.

In order to do this, we need your consent. Included with the newsletter attachments is an email consent form. If you agree to receive public notices electronically please fill out the form completely and return the completed consent form in one of the following ways: If you would like to convert from U.S. mail to email, please return the completed consent form in one of the following ways:

- Scan and return via email to dcarlson@springdaletown.com
- Fax to 435.772.3952
- Mail to PO Box 187, Springdale, UT 84767
- Drop off at Town Hall

If you have submitted a consent form previously, or already receive notices by email, you do not need to take any additional action. Please note, it is the property owner's responsibility to notify the Clerk of any change to your email address. Thank you in advance for helping with this effort.

— DARCI

TOWN OFFICE HOLIDAY HOURS:

Christmas – Closed starting at 1:00pm on 12/22 and reopening on 12/26 at 9:00am.

New Years – Closed starting at 1:00pm on 12/29 and reopening on 1/2/18 at 9:00am.

The Chief's Message

The Springdale Police Department would like to wish the residents a Happy Holiday Season. This is the time of year that theft and vehicle burglaries increase. We encourage everyone to lock their homes and vehicles. Have a neighbor pick up unattended packages that are delivered to your home. While holiday shopping, remember to put valuables in the trunk and not in plain view. Please report any suspicious persons or activities to the police dispatch center at 435-634-5730. Thank you for your continued support.

— CHIEF BRECKE

The Watchman - Zion National Park News from John Marciano, ZNP Public Information Officer

Around two years ago, Zion acquired LiDAR, (light and radar combined technology) in a cooperative agreement with USGS. The technology produces extremely detailed maps of Zion's geology and vegetation down to 1-foot resolution. We have already used this data on a hazard analysis project at the Zion Lodge to determine what steps are needed to help prevent future rockfalls, and mitigate severity of damage. Another application for LiDAR in the park was assisting in the design for the new Middle Emerald Pools re-route trail. The data is so precise, that one can design a trail from their office! The Zion LiDAR has also been used in Springdale, considering the feasibility of a new parking garage location just outside the park. There are many exciting future applications in the works-stay tuned.

REQUEST TO RECEIVE PUBLIC NOTICE VIA EMAIL

I _____ certify that I am the legal owner of real property in the
(Print Name)

Town of Springdale identified as _____ (starts with S-).
(Tax Code Number(s) or Parcel Number(s))

I understand that the Town of Springdale is required to give legal notice of public hearings and certain public meetings via mail to property owners. I understand that these notices have traditionally been sent via U.S. mail. I do hereby by consent and request to receive all such legal notice via email, in lieu of U.S. mail. I understand it is my responsibility to notify the Town in writing in the event I no longer wish to receive legal notice through email. I further understand it is my responsibility to keep the Town informed of any changes in my email address.

Email Address for notices to be sent: _____

Printed Name: _____

Signature: _____

DECEMBER 2017 PROJECT UPDATE

SR-9 Renewed project progress continues on schedule to and we anticipate roadwork in Phase 3 beginning in late December. Crews postponed removal of most of the sidewalk in Phase 2 until after the Thanksgiving holiday, so anticipate removal and replacement of the sidewalks on the east side of SR-9 in both areas during December.

Construction will continue daily and at night except Saturday night and Sunday day. Expect an increase in nighttime noise from equipment, trucks and back-up alarms. Work activities include excavation, utility work, materials hauling & placement and paving.

The project is on an accelerated schedule to complete all work by mid-April 2017.

ONE-WAY TRAFFIC REMINDER

During construction, your access or side street may be in the middle of the one-mile closure. During lower traffic times, it may be difficult to determine which direction has the right of way. For your safety and that of others, **please be patient** and wait for traffic traveling in the direction you want to go before pulling out onto SR-9.

BUSINESS RESOURCES

The SR-9 Project Team is committed to reducing project impacts wherever possible during construction. We support a positive message about how the project will better serve the community when complete and will continue to provide regular project updates via email, the Springdale Town Newsletter and on the project website (udot.utah.gov/sr9). Resources on the project website include:

- a project phasing map,
- informational fliers explaining the traffic impacts and side street access
- an FAQ
- and an informational flier outlining construction activities, timelines, and construction impacts that you can share with or display for customers who may have questions/concerns regarding the project.

QUESTIONS OR CONCERNS

The Public Involvement Team is available at the phone number and email below if you have any questions or concerns regarding the project.
