

## Automated License Plate Readers (ALPRs)

### 422.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage, and use of digital data obtained through the use of the automated license plate reader (ALPR) technology (Utah Code 41-6a-2003).

### 422.2 POLICY

The policy of the Springdale Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

### 422.3 ADMINISTRATION

The ALPR technology, also known as license plate recognition (LPR), allows for the automated detection of license plates. It is used by the Springdale Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates, and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction, and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Lieutenant. The Lieutenant will assign personnel under the Lieutenant's command to administer the day-to-day operation of the ALPR equipment and data.

#### 422.3.1 SPECIAL USE PERMITS

The Lieutenant or the authorized designee shall obtain required special use permits before installation of stationary ALPR equipment when applicable (Utah Code 41-6a-2003; Utah Code 72-1-212).

### 422.4 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use or allow others to use the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business (Utah Code 41-6a-2003).
- (b) An ALPR may be used in conjunction with any routine patrol operation, official investigation, or parking enforcement. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) Particular consideration should be given to using ALPR-equipped vehicles to canvass areas around homicides, shootings, and other major incidents that qualify for use of an ALPR. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
