

I am seeking re-election to the Town Council. I am a long-time resident of Springdale and am deeply passionate about preserving the unique character of Springdale. I previously served seven years on the Springdale Planning Commission.

My commitment to Springdale is rooted in my 36-year career with the National Park Service, all of which was spent at Zion. Among my duties, I managed the contract for the shuttle system and was lead for visitor use management planning. I have a strong passion for historic preservation and have served on the Board of Trustees for the Grafton Heritage Partnership Project since 1991.

My focus remains on ensuring Springdale retains its charm as a quaint tourist town, while effectively meeting the challenges of high visitation, commercial development, and new construction that looks like it belongs in Springdale.

I believe that it is crucial to have business and resident participation in planning efforts to maintain Springdale's unique charm and character. I support sustainable, moderate growth that compliments the natural environment and protects scenic viewsheds.

I'm asking for your vote to re-elect me to the Town Council. Let's work together to ensure Springdale remains a special place for both residents and visitors alike.
